PREFACE

IN presenting the Seventy-Third Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 95,791. Wives' names approximate 38,000 making a grand total of 133,791 names in this section of the Directory.

The Street Directory shows some 54,000 listings including Householders, Firms, Offices, Buildings and Institutions. Our estimate of the population of the City proper is 205,841.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities including Bartonville, Hamilton Beach, Normanhurst, Strathbarton and Strathearne, so the residential and working population of greater Hamilton is 209,000.

"When it comes to things mechanical and structural, seek the guidance and services of those who have studied and practised in these things for many years. Select from them the ones whose industry and enterprise have not been confined in scope, for they will know of many great and small devices which will make your project the embodiment of ancient and modern, scientific and artistic development. For them no task is too great or too small for they are true craftsmen."
